Functional Rating Index

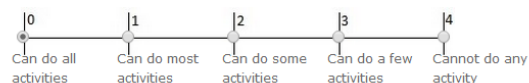

For use with Neck and/or Back Problems only

In order to properly assess your condition, we must understand how much your **neck and/or back problems** has affected your ability to manage everyday activities. For each item below, **please circle the number which most closely describes your condition right now.**

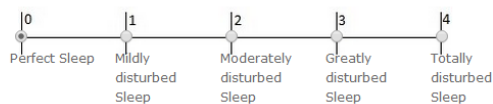

1. Pain Intensity

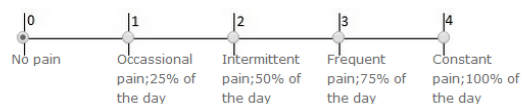

6. Recreation

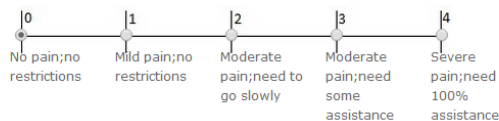

2. Sleeping

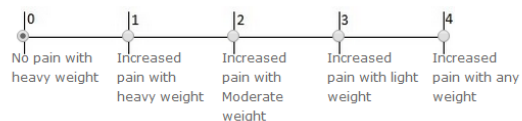

7. Frequency of Pain

3. Personal Care (washing, dressing, etc.)

8. Lifting

In SOAP Notes, the provider can review the score and access the Funtional Rating Index from the Outcomes examination window.
