

## See What's New from PayDC!

*Here's what's in this release (August 17, 2016)*

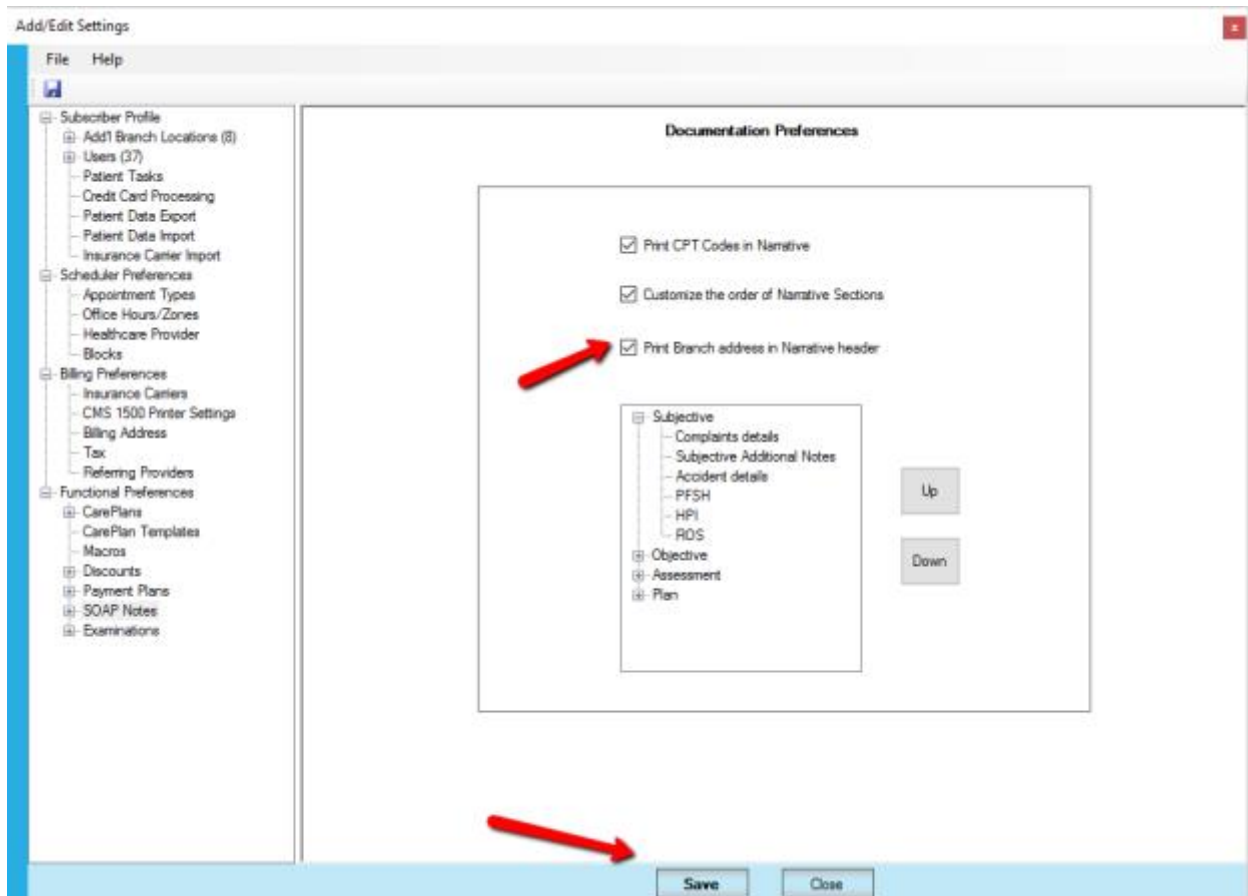

### Support

- SOAP Notes: Settings: Narratives: An option to print branch address in the Notes narrative header.

The default on this new setting will be unchecked.

When this option is chosen and saved

“Current Narrative”, Condensed Narrative, and Super Bill Report will have provider branch address at the header and there will be no “branch name” at the note level.

“All Narratives” will show subscription address and the branch name.

Thank you!
