

February 25, 2014

Dear PayDC Customer,

You may have noticed that the logo on the Login screen has recently changed to that of PayDC's parent company, Advanced Provider Solutions, LLC.

New Login screen with APS logo

Former Login screen with PayDC logo

This was done in preparation for some upcoming enhancements in the application, but the logo change itself applies only to the initial Login screen and does not affect the software or functionality in any way. Rest assured that there are no current or planned changes in ownership, management or staffing at PayDC. We continue to be committed to providing you with the best software and service possible.

Sincerely,

PayDC Support Team
