In preparation for the upcoming changes to Evaluation and Management (E/M) codes that become effective, January 1, 2021, we have implemented the following:

- For all Dates of Service on or after January 1, 2021, 99201 will no longer be a valid code, therefore it will not be available in Care Plans, Notes, and Claims.
- The rules for selecting an office/outpatient E/M code have changed. In addition to the standard way to select an E/M code or bring it in from the care plan, there will be two ways to document time, and the system can select the code automatically.

1. E/M code is populated by the Care Plan and appears in the Plan section of the SOAP Note or simply select the proper E/M code level from the “Add E/M Services” button dropdown as you’ve always done. Per the 2021 E/M rules this means you have selected the code based on Medical Decision Making (MDM). For more help in understanding MDM, watch the recorded webinar at <https://paydc.com/chiropractic-compliance-videos/recorded-webinars/>.

The screenshot displays the PayDC SOAP Note interface for a patient named Andersen, Penny. The interface includes sections for Subjective, Objective, Assessment, and Plan. The Plan section is currently active, showing a table with columns for Code, Modifier, Description, Type, Body Areas/Sites, Goals/Rationales, Time, Unit, and Diagnosis. A dropdown menu is open, showing a list of E/M services with their corresponding codes and descriptions. The dropdown menu is titled 'Examinations:' and lists various levels of E/M services, including PT Level 1, PT Level 2, PT Level 3, PT Level 4, PT Level 5, Level 2, Level 3, Level 4, Level 5, Level 6, Initial Evaluations, Pretest, Testcode, Test E/M service, re-eval, New/Call/Ref, TestH, TestL, TestM, TestS, and TestT. A red arrow points to the 'Add E/M Services' button in the Plan section, which is highlighted with a red box.

- Check the new “Time Based” box on the E/M service line, then enter the amount of total time spent in the corresponding “Time” box and the system will automatically adjust to the correct E/M code based on the Code and Guideline Changes outlined by the American Medical Association.

SOAP Notes - Andersen, Penny - Modify SOAP-Note

Patient: Andersen, Penny Date of Service: 12/15/2020 Add Note Delete Note Provider: PayDC, Pro DC [Adelaide]

Wellness Evaluation Miscellaneous

Subjective: #1 R-Neck Pain(Stiffness) #2 Low-Back Pain(Stiffness) Include in Subsequent Notes

- OR after checking the new “Time Based” box in the E/M service line, click the new “Start/Stop” button. A dialogue box will open. Start Time will be defaulted to the current time (adjust as necessary), enter End Time, and click OK. The system will calculate total time and automatically adjust to the correct E/M Code based on the Code and Guideline Changes outlined by the American Medical Association

The screenshot displays the PayDC SOAP Notes interface for a patient named Andersen, Penny. The interface includes sections for Subjective, Objective, Assessment, and Plan. The Plan section is currently active, showing a table of services with columns for Code, Modifier, Description, Type, Body Areas, Goals/Rationales, Time, Unit, Diagnoses, and Performed by. A red box highlights the 'Time Based' checkbox, which is checked. A red arrow points from this checkbox to a dialogue box titled 'E/M Service Code Selector'. The dialogue box contains fields for Start Time (defaulted to 5:53 PM), End Time (with a red box and text 'Enter End Time and click OK'), and Total Time (0). A red box at the bottom of the dialogue box contains the number 99203 and an OK button. The dialogue box also has a red box with the text 'Start Time is defaulted to current time' and a red arrow pointing to the Start Time field.

- Notes: Added the option to clear the previous examinations when the examination box in the SOAP Notes Objective tab is unchecked.

The screenshot displays the 'SOAP Notes - Andersen, Penny - Modify SOAP Note' window. The 'Objective' tab is active, showing a grid of examination categories: ROM, Posture, Strength, Dermatomes, Vibration, and Physical. A modal dialog titled 'Exam Findings' is open, asking 'Do you want to clear and reset all examinations?' with 'Yes' and 'No' buttons. The dialog is triggered by a red arrow pointing to the 'Examination' checkbox in the 'Exam Findings' section of the 'Physical' category. The interface also includes sections for Subjective, History, Plan, and Assessment, each with an 'Additional Notes' field and a 'Include in Subsequent Notes' checkbox. The bottom of the window features buttons for 'Other Functions', 'Preview Narrative', 'All Narratives', 'Save and Sign', 'Save without Sign', and 'Close'.

Support:

- Settings/Notes: Added Modifiers 97 and GX

Thank you for trusting us as your software vendor!
PayDC/APS Development Team

Questions? You can always contact the Service Desk.

- If you are a PayDC customer, the phone number is **(888) 306-1257**; please choose option 4 for Service Desk.
- If you are an Advanced Provider Solutions customer, the phone number is **(855) 283-4940**; please choose option 4 for Service Desk.
- If you would like to contact the Service Desk via **e-mail**, please use the [Contact Us form on our website](#). Please note: The Contact Us form is now secure, so you can include PHI in your description.
