

See What's New from PayDC!

Here's what's in this Release (December 8th, 2021)

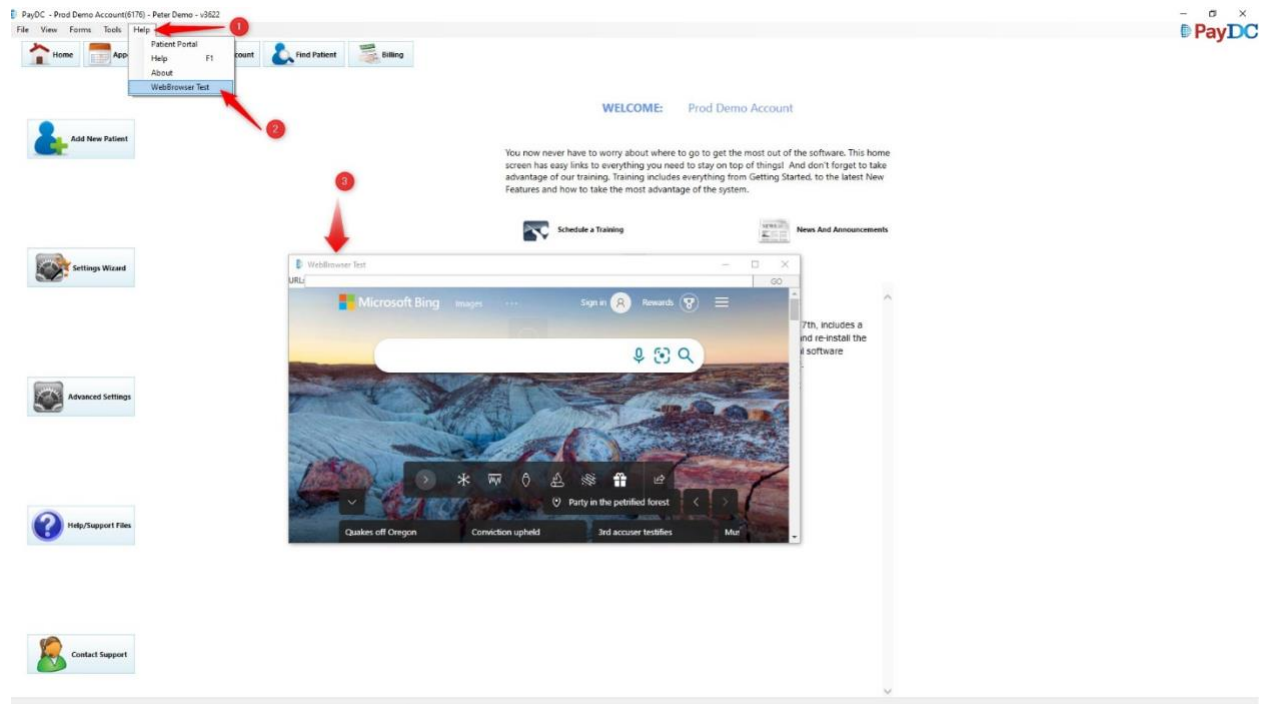

PAYD-5890: Application: Deploy WebView2 component as part of ClickOnce deployment.

Note: The user needs to uninstall the existing application and re-install from install.paydc.com.

Please see instructions on our PayDC Support site's Home and Announcements pages.

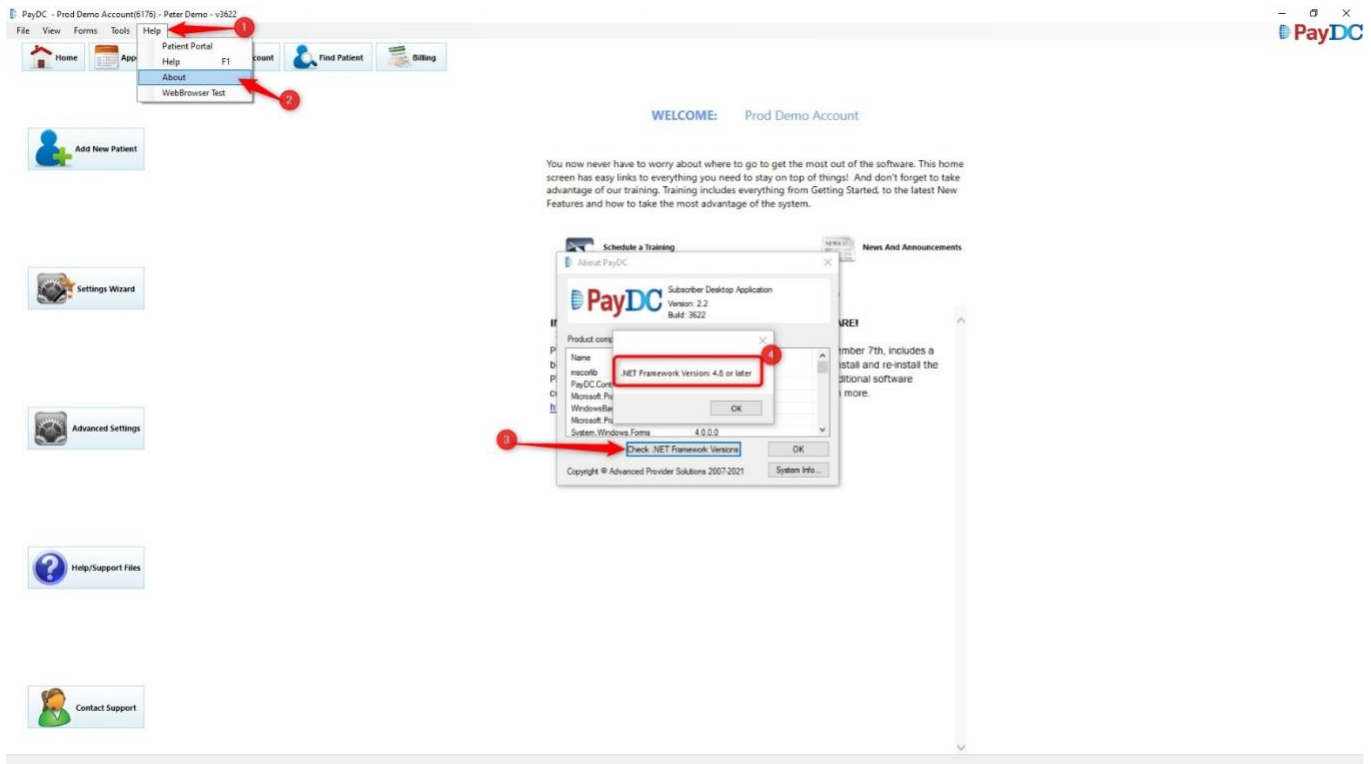

After the application installation is complete, users can verify that the WebView2 is successfully installed with the steps below to open a browser.

Main Menu > Help > WebBrowser Test

PAYD-6801: Application: Verify client installed versions of .NET Framework. Users can check the Installed versions of .NET Framework with the steps below.

Main Menu > Help > About > Click on Check .NET Framework Versions button.
